## December Program Highlights

### A Session on Human Rights

To mark Human Rights Day, American Center Kathmandu organized a session on Human Rights where the AC Director Sulav Bhatta define the term, progress made so far in Nepal, emergence of human rights as an international issue, and contributions made by the U.S. in the development of human rights. Similarly, Janak Bhatta, Embassy's Social Media Manager drew from his previous experience of working at the National Human Rights Commission talk about human rights development in Nepal such as the current situation, and challenges for the future.

## December Program Highlights

### English Language Session

To help students brush up their English skills, American Center Kathmandu has started to offer a sessions on English with Mr. Daniel Smartt, English Language instructor for the U.S. Embassy. The session focused on TOEFL tips, Q&A, and practicing of spoken English skills. We will offer a couple of more session early next year to gauge interest from our audiences. If there is enough demand, we plan to offer this as a regular session for patrons.
